

Free exercise of our religious liberty is under attack. Our Founding Fathers established our religious freedom in the First Amendment to the U.S. Constitution, saying, **“Congress shall make no law respecting the establishment of religion, or prohibiting the free exercise thereof”**

Unfortunately, many in America today are seeking to establish not freedom **“of”** religion but freedom **“from”** religion. Activists claim the First Amendment prohibits the mention of God or displaying religious symbols in public places because it “establishes” a religion.

Senate Bill 158 – The Religious Freedom Amendment – will restore religious liberty protection for Kentucky.

Here are a few things that SB158 will protect: 1) Religious symbols on graves and memorial sites; 2) The rights of the military to have God mentioned and prayers said at their funerals; 3) Students to be able to “thank God” in their graduation speeches; and 4) Nurses to be able to refuse to participate in abortions.

Several U.S. Supreme Court decisions have undermined the “free exercise clause” of the First Amendment saying it only applies to state and local situations if individual states legislate it into their law. More than half the states have acted to restore this freedom . . . but **KENTUCKY HAS YET NOT ACTED!!! SB158 just passed the Senate.**

Now it must pass the House and YOU can make the difference!

Call the toll-free Legislative Message Line at **(800)372-7181** and leave a kind but firm phone message for your State Representative. (The receptionist will know who he/she is). Tell them:

“Pass SB158 – The Religious Freedom Amendment.”

The Message Line is open 7AM to 11PM EST M-TH and until 6:00 P.

If we stand together and act, as our forefathers did, we will win this battle!

We are the light of the world – a city on a hill.

Let YOUR light shine!
